

To Whom It May Concern:

The Mahoosuc Arts Council is pleased to recommend the Piti Theatre Company.

The arts council has engaged this company twice over the past several years. Both times we found Piti Theatre's work to be outstanding, from the music, the set design and their ability to work with and engage large number of students. Further, even though the musicals are focused on student learning, there is lots of substance for adults.

This company has developed a proven and innovative way to capture the talents of students of young ages for on-stage participation in musical theater pieces written to address cutting edge issues presented with original scores and beautiful mobile sets and costumes.

We are hoping to present this fine company again next season in a collaboration with the Bethel Historical Society to present a musical based on our local town history using Piti Theatre's dramatic framework and original songs that can be adapted to any New England mill town. The new script, DVD of the performance and town-specific songs become resources for local schools, historical societies and museums. As the mission of the Mahoosuc Arts Council is to advance arts and humanities, this project hits both of our targets.

We highly recommend Piti Theatre Company to other presenters.

Sincerely,

A handwritten signature in black ink, appearing to read "Aranka Matolcsy". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Aranka Matolcsy, Executive Director
